

The first appearance of Patisserie (bakery website) by Juntorn Thiantanukij 2020110108, Thai-Nichi Institute of International College, Digital Engineering. For Intelligent Human Computer Interaction, HCI, Final Project.

- The navbar on top can be clicked and will be directed to the according section respectively.
- When hover at logo (Patisserie), the logo will change color and has a rotating animation.
- The navbar element when hover, the text will change color to white to indicate that the user is hovering this element. As well as the cart on the very right side.
- The picture below is a carousel from bootstrap, the user can click the arrow on both left and right side to navigate through other pictures.

About Us

Our Background

Patisserie is owned by Jamie and Chung who have been operating the beloved Patisserie for over 12 years. For Jamie, being a pastry chef is in her genes. She grew up in the family business in Paris, where her parents, grandparents, and brother were all pastry chefs. She came to the Thailand knowing she would carry on the family tradition. Now a staple in community, Patisserie is enjoyed by the entire Bangkok community. Often selling out their luxurious sweets and pastry on weekdays, Locals know that a trip to Patisserie is a wonderful way to make your day.

Navbar is static, when the user scroll down it will follows. This help the user to have more pleasant experience on the website. Rather than going up and down throughout the website homepage.

- About us section. The text box for about us is perfectly placed on top of picture to give a nice design. A plain text box aligning beside pictures can be view as boring or plain design to some customers.

Gallery

Award Winning Pastries

When scrolling down in this section, there will be a fade up animation to give a nice little touch.

- When hover on the picture, the picture will be enlarge for the customer to see each product in much greater details.
- Please note that all of the pictures are from the internet, as well as the fonts design.

[View Our Ready to Deliver Menus](#)

Below the gallery pictures:

- Customers can directly click on the text to visit the shop menus.
- When hover, the text border and color will change to help indicate that the user is hovering on this features.

Testimonials

From Our Loyal Customers

CUPCAKES!

The cupcakes and the dresses you made for the cupcakes were AMAZING. I was completely blown away when I picked them up and EVERYONE loved them. They were exactly what I was picturing and I was so very very happy when I was able to give them to my friend for her birthday. She was very touched. Thank you from the bottom of my heart for your wonderful work. You are so very talented and AMAZING! Thank you, thank you, thank you.

First-Timer

My experience was great. I walk in not knowing anything about cakes and miss Jantorn and her staff walked me through it. She took our invasion of a cake we desired and made it real. Very professional and knowledgeable about her craft. Not only a great product but gracious staff. I appreciate them.

Best Cake Ever!!

You guys did a fantastic job! The cake was a big hit. Great job. Gorgeous flowers. I have never seen flowers like that. Please send my sincere thanks to its makers. The work was truly admired and appreciated. Thank you again for making our special occasion that much more special.

Potter Dilokkalayakul

Head Chef

Why did the loaf of bread break up with his girlfriend? The relationship was crumbling.

Pun Settapak

Chocolatier

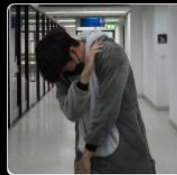

I saw a chocolate car today. It must have been a Ferrari Rocher.

Tonkao Ruanthongdi

Bakery Bench Hand

A bread baker's bread factory burned down. Now his business is toast.

Pooh Sricharoenvej

Bakery assistant

Wheat be cute together 🍞

Opal Katekaew

Baker & Pastry Cook

Why is the baguette so romantic? Because it can't stop loafing you.

Rei Okabe

Cake Decorator

If you're feeling downie, you should bake a brownie.

For the staff in bakery,
